Advanced Secondary Systems

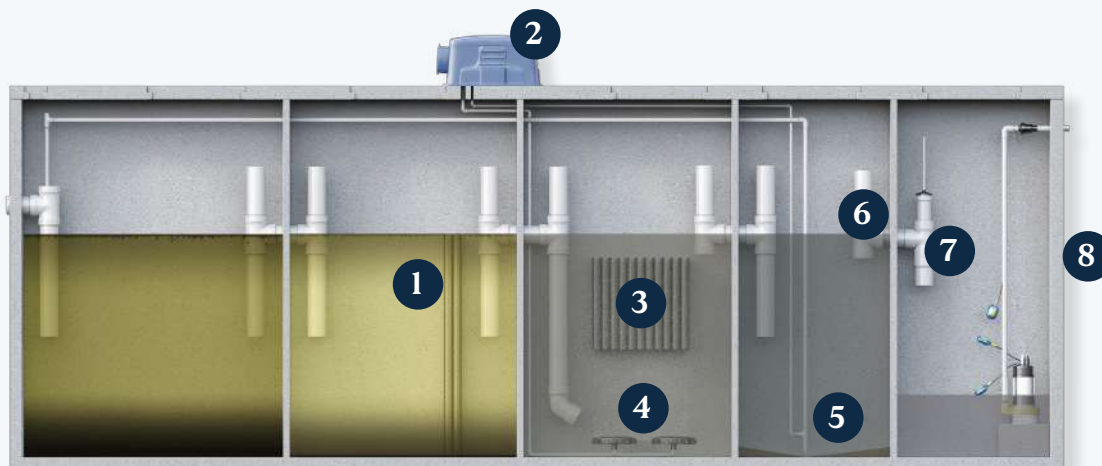

From raw sewage to clean, clear, safe water to
re-use on site.

What's New With Taylex?

Advanced Secondary System with Nutrient Reduction

The New Taylex ABS Nutrient Reduction Systems

New Developments in the Taylex ABSNR / +P

1. Retention Bio Mass
2. Larger 120L Blower
3. Larger Aeration Bio Mass
4. Dual-Disk Diffusers
5. Enhanced Recirculation + Sludge Return Process
6. Taylex Filter Control (TFC) Patent Pending
7. Precise Chlorination
8. Phosphorous Removal Filter (+P Models)

Best in Class

- Largest Daily Operating Capacity 2000L*
- Highest Combined Nutrient Reduction (Natural Process)
- Concrete and Lightweight Options
- Industry's Largest Emergency Storage
- Multiple Invert & Riser Options
- Enhanced Servicing Efficiency
- Efficient to Install
- Superior Structural Integrity (Monolithic Moulding)

*For domestic single tank systems.

E.coli Reduction 99.99%

TSS Reduction 99%

BOD Reduction 99%

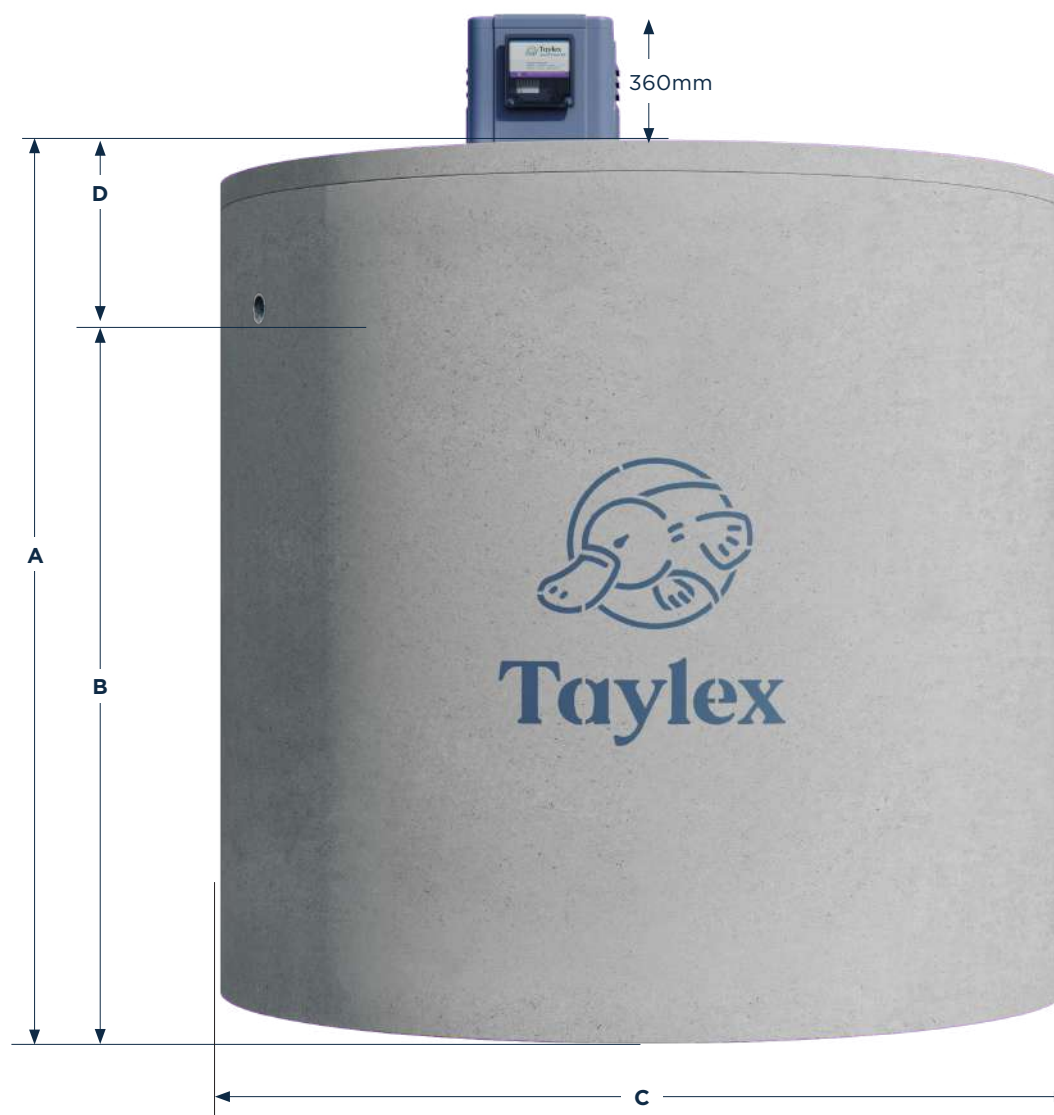

**Up to 164% Combined
Nutrient Reductions**

- Odourless
- Silent
- Longer Pump Out Intervals

Taylex is committed to protecting the environment and human health.

ABS, ABSNR + P Concrete Tank Sizes

TANK SIZE	WEIGHT	A TOTAL HEIGHT OF TANK	B BOTTOM OF TANK TO BOTTOM OF INLET	C TOTAL WIDTH OF TANK	D TOP OF TANK TO BOTTOM OF INLET
STANDARD	6.25T	2,300mm	1,530mm	2,425mm	770mm
TALL 400	8T	2,700mm	1,530mm	2,425mm	1,170mm
TALL 600	8T	2,900mm	1,530mm	2,425mm	1,370mm

*Taylex Offers A Range of invert levels for the ABS2000 and ABS1500 systems to offer versatile solutions to your block's requirements

ABSRR1000	1000mm Riser - 1,300kg*
*ABSLIDBARE	ABS LID (No Access Covers)

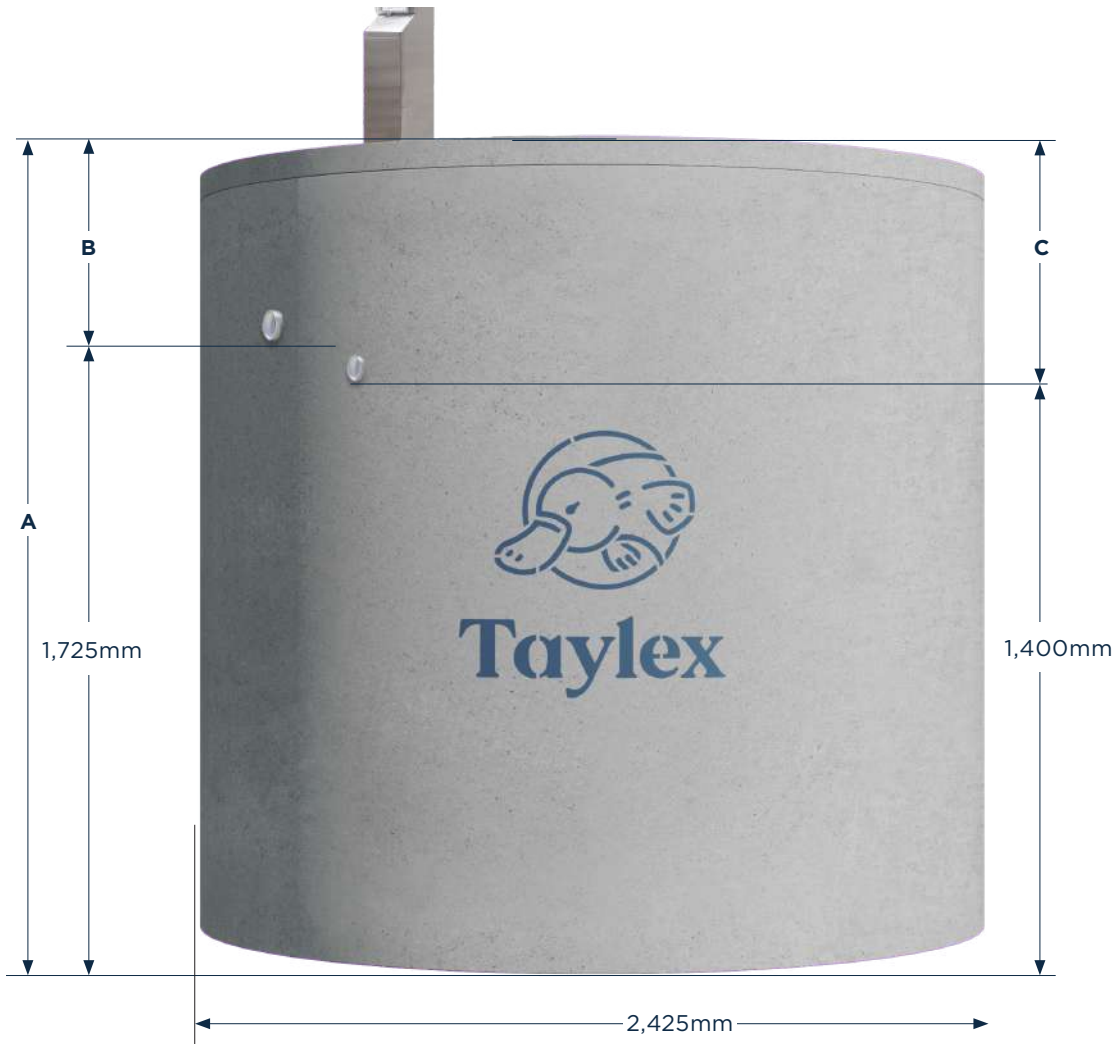

Advanced Primary Septic Systems

High quality, reliable Primary Treatment
solutions.

Maxi Concrete Tanks

Package includes (G.P.O, High Level Post, LED Light, Irrigation Pump & TFG Filter)

TANK SIZE	WEIGHT	A TOTAL HEIGHT OF TANK	B TOP OF TANK TO BOTTOM OF INLET	C TOP OF TANK TO BOTTOM OF OUTLET
STANDARD	6.25T	2,300mm	770mm	900mm
TALL 400	8T	2,700mm	1,170mm	1,300mm
TALL 600	8T	2,900mm	1,270mm	1,500mm

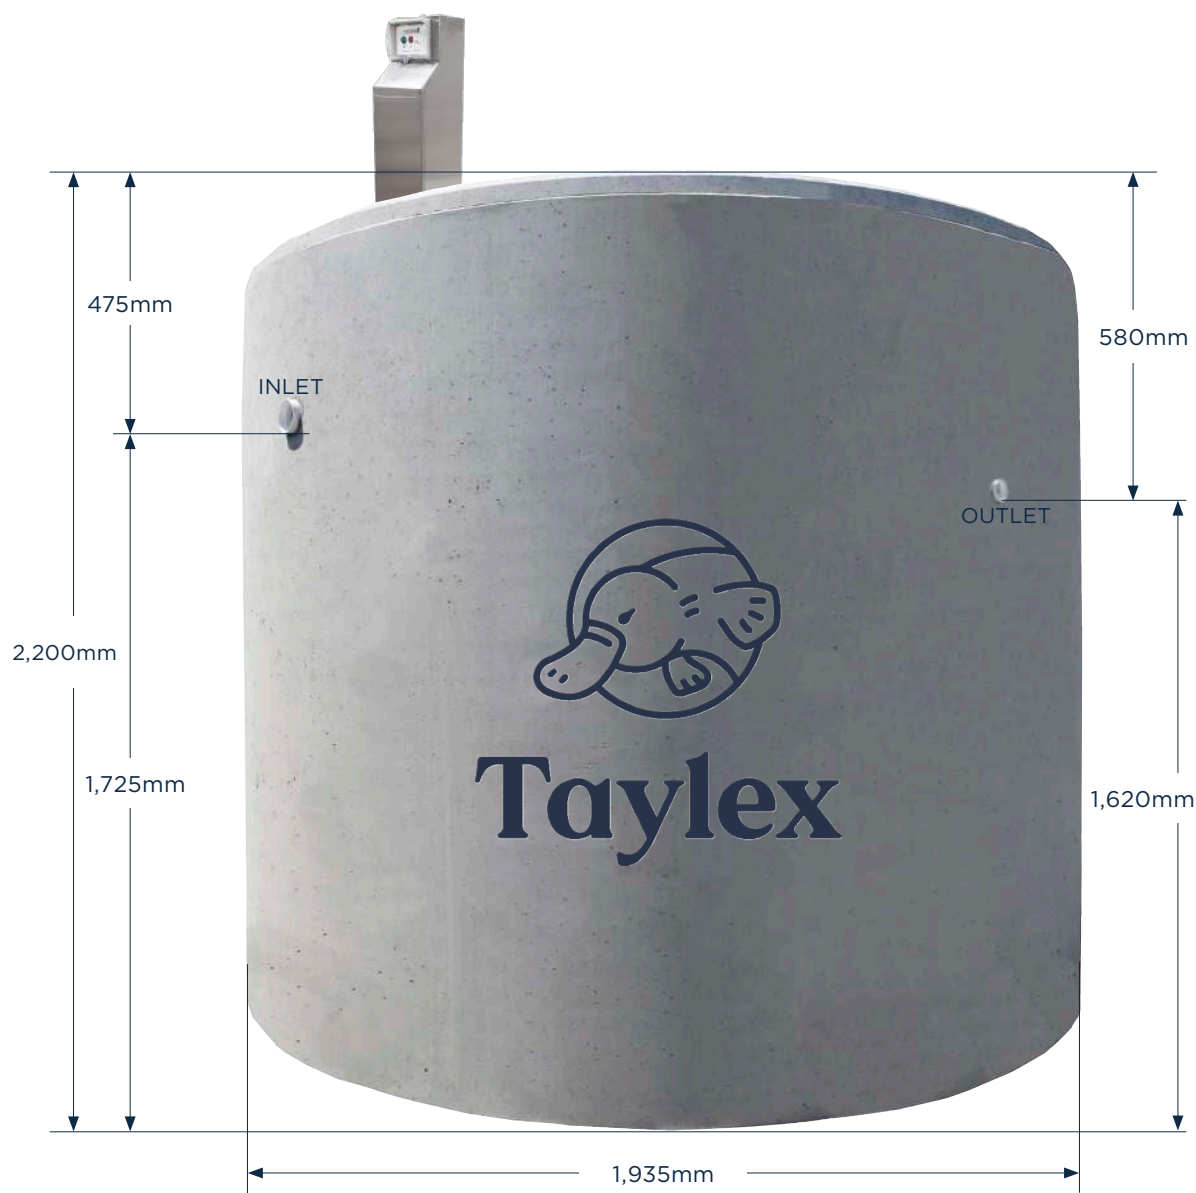

MAXI SEPTIC

MAXI-9M	With Package and 9m Head Pump
MAXI-26M	With Package and 26m Head Pump
MAXIGR	Gravity In - Gravity Out

*All Maxi Septic Models available in Tall 400 & 600 Models with 9M Head Pump, 26m Head Pump or Gravity In - Gravity Out

4,000L Septic Tanks

Package includes (Pump, LED Light, High Level Alarm Post with Float & TFG Filter)

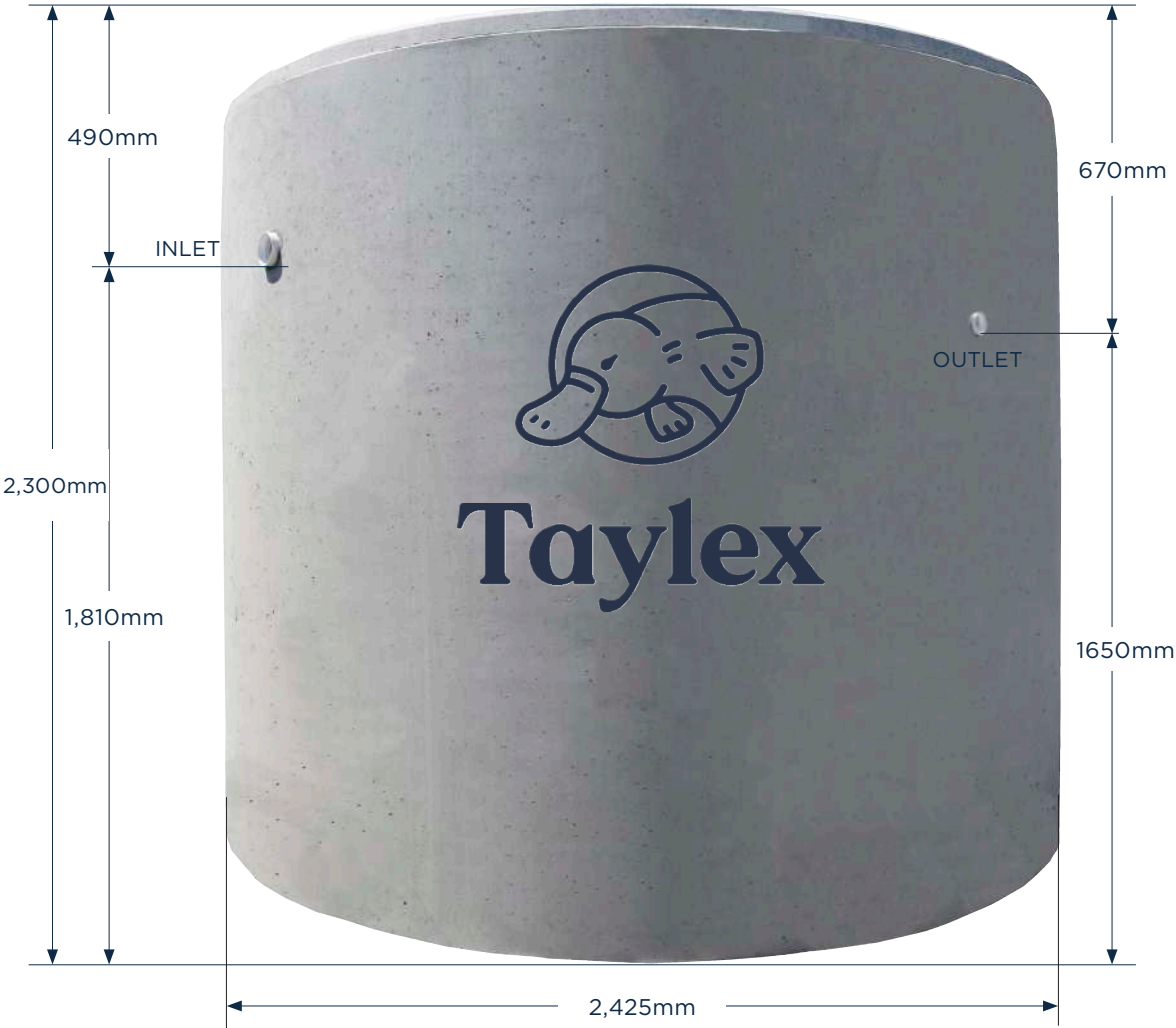

4,000 SEPTIC - 3.5T (BAFFLE WALL MODEL 4T)

SEP4000STD	Tank and Lid Only
SEPBW4000STD	With Baffle Wall
SEPBWF4000	With Baffle Wall & TFG Outlet Filter
SEPBWSF4000	With Sealed Baffle Wall & TFG Filter
SEPBWSPA4000-9M	With Sealed Baffle Wall & Package and 9m Head Pump
SEPBWSPA4000-26M	With Sealed Baffle Wall & Package and 26m Head Pump

BW- 2 x 100mm Transfers 730mm From Base of Baffle Wall
Sealed BW - 1 x 100mm Transfer 1580mm From Base of Baffle Wall

Taylex 8,100L Septic Tank

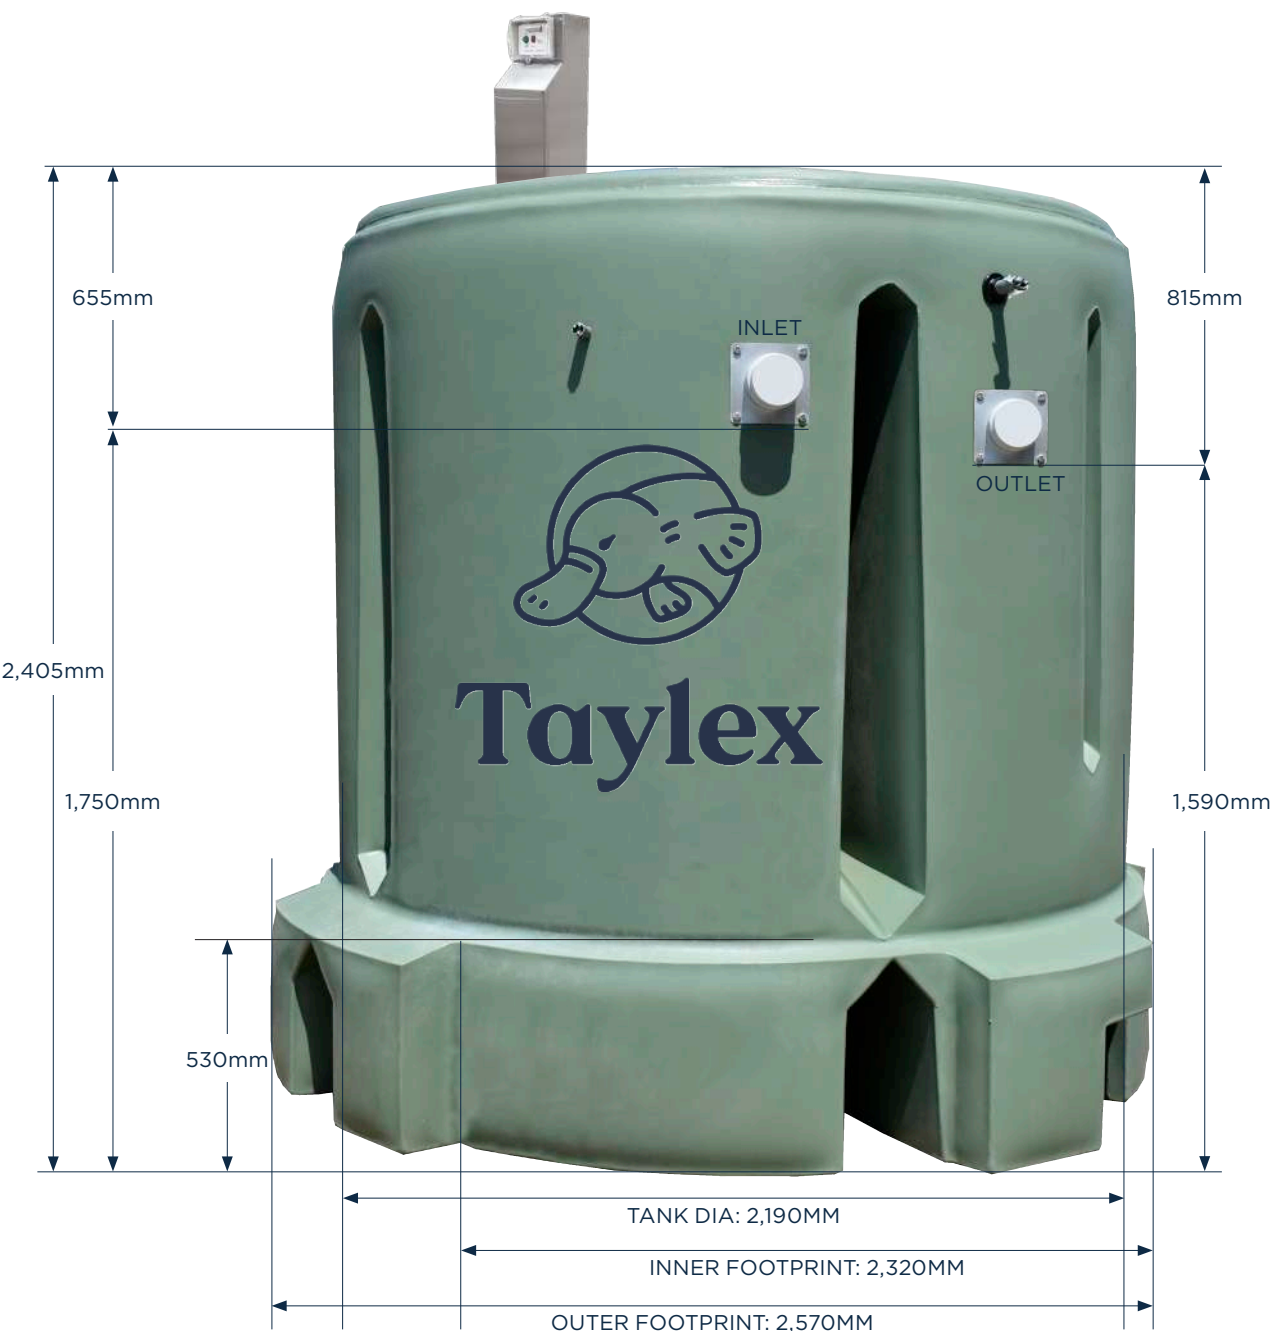

8,100L SEPTIC TANK - 5.6T

SEP8100STD	Septic Tank with Lid Only
------------	---------------------------

Maxi Poly Tanks

Package includes (G.P.O, Highlevel Alarm Post, LED Light, Irrigation Pump & TFG Filter)

MAXI POLY SEPTIC - 600KG

PMAXI-9M	With Package and 9m Head Pump
PMAXI-26M	With Package and 26m Head Pump
PMAXG	Gravity In - Gravity Out

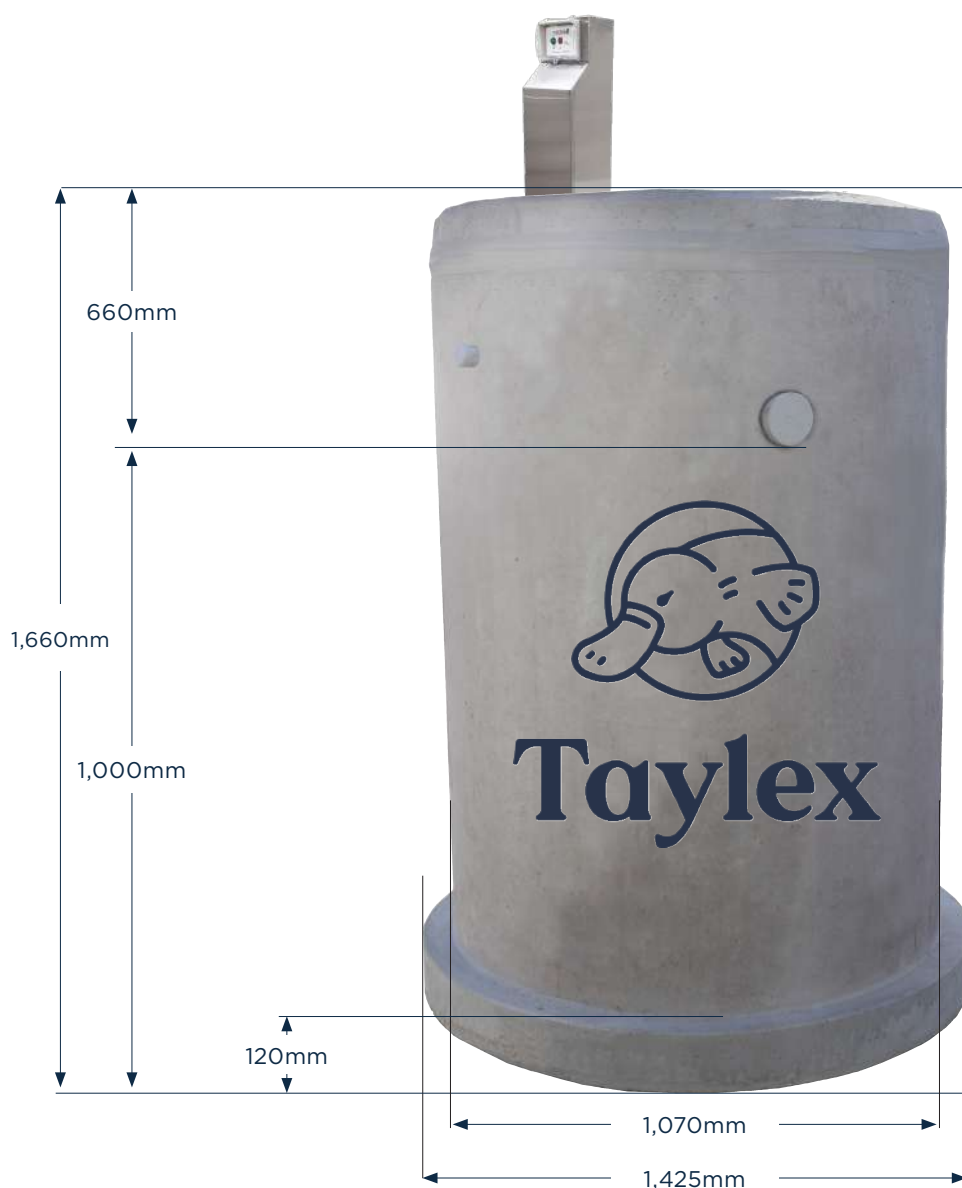

Pump Stations

Taylex Pump Stations are purpose built for wastewater and stormwater applications and highly flexible in design to cater to the specific requirements of your site.

Taylex 1,000L Pump Station

Package includes (G.P.O, Highlevel Alarm Post, LED Light & Pump)

1,000L PUMP STATION - 3.5T

PP1000	Pump Station and Lid Only
PP1000-9M	Pump Station & Package with 9m Head Pump
PP1000-9M-COMP	Pump Station & Package with 9m Head Pump and Composite Access Covers
PP1000-26M	Pump Station & Package with 26m Head Pump
PP1000-26M-COMP	Pump Station & Package with 26m Head Pump and Composite Access Covers
PP1000-GRD	Pump Station & Package with 14m Head Grinder Pump
PP1000-GRD-COMP	Pump Station & Package with 14m Head Grinder Pump and Composite Access Covers

Concrete Rainwater Tanks

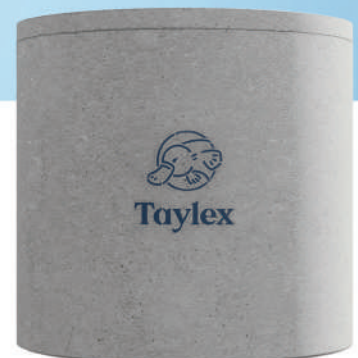

Taste the Taylex Difference

TAYLEX CONCRETE RAINWATER TANKS PROVIDE
COOLER, CRISPER, CLEANER TASTING WATER.

Taylex
RAINWATER

Standard (STD) Tanks

STD=Non-Trafficable

Pedestrian traffic only. Not rated for Cars or Trucks

*Invert/Overflow Depth taken from Bottom of tank lid to the bottom of pipe.

PART NUMBER	TANK MODEL	DIAMETER (Ø)	HEIGHT (INCL LID)	TOTAL WEIGHT	INLET/ OVERFLOW DEPTH
RW10LSLSTD	10,000L	2,400mm (Ø)	2,960mm	7.6T	450mm OR 550mm
RW22STD	22,500L	3,450mm (Ø)	2,850mm	10T	150mm
RW31COMBO	31,500L	3,450mm (Ø)	4,100mm	14.3T	250mm

Heavy Duty (HD) Tanks

HD=Light-Trafficable

Light trafficable lid. 2 tonnes point load. Car traffic only. Not rated for trucks.

*Invert/Overflow Depth taken from Bottom of tank lid to the bottom of pipe.

PART NUMBER	TANK MODEL	DIAMETER (Ø)	HEIGHT (INCL LID)	TOTAL WEIGHT	INLET/ OVERFLOW DEPTH
RW5HD	5,000L	2,470mm (Ø)	1,875mm	7T	*Customisable

WASTEWATER
SERVICING

Taylex Accredited Service Agent's Details

Service Contract for your Taylex Sewage Treatment System

Owners Name

Property Address

Dear Home Owner,

Upon acceptance of this application a duly authorised Taylex Accredited Service Agent (TASA), will supply the following:

1. Quarterly field service inspections will be made by a factory trained service person.

Inspections include:

(a) Any adjustment, cleaning (excluding de-sludging) and field service of the unit necessary for proper operation.

(b) Inspection of the control panel alarm and overload protection, blower or aerator, shaft, aspirator and vent, bio-mass, recycle pump, clarifier, filter, chlorine tablets, effluent quality, irrigation pump, sprinkler lines and heads, and float alarm (where fitted).

2. Preparation and lodgement of all relevant local government forms in relation to commissioning and upon every service, responses to council inspections if required.

3. Taylex Systems built after 2013 come with a 3 year warranty, from commissioning date, on parts for customers with a paid, current, continual service contract, and a 15 year guarantee on the tank.

4. An emergency breakdown service is available with a guaranteed verbal response within 24 hours Mon to Fri, a callout fee, labour and materials will be applied for any callout, unless the failure is caused by parts under warranty.

5. In the event of any repairs being necessary to the components during the warranty period, due to damage which has occurred outside the warranty specifications, these repairs will be charged to you the homeowner, to include a callout and/or labour & materials. The above will also apply after the expiration of warranty period on the system.

Any items replaced will be left on site, disposal of these items are the home owners responsibility.

6. All repairs are on a strictly C.O.D. basis.

7. This agreement does not bind the TASA to be responsible for the quality of the effluent.

However, it will at all times wherever possible, recommend how the effluent quality can be maintained at its maximum and alter and adjust the system during these regular visits in an endeavour to obtain the best possible effluent standards.

8. TASA's require clear access on site and to the Sewage system, repeated attempts to access the system in order to complete the scheduled service due will incur a callout fee.

Your TASA will provide the first years servicing, i.e initial commissioning of Sewage system and 3 quarterly services as part of the sale of the system. This is a perpetual contract, thereafter, each year, an invoice will be issued for the continuance of servicing to remain in compliance with the local authorities requirements.

In applying for this agreement, the undersigned acknowledges that this Agreement is binding while they are owner of the premises. In the event of ownership of the property changing hands, any remaining services due on this contract will be honoured to the new owners, the exchange of monies for these services should be taken up as part of the property settlement.

Cancellation of this contract will be accepted upon receipt of a written cancellation advice.

Specialist ‘Billboard’

We offer our specialist the opportunity to implement an effective advertising strategy, by using a real Taylex Tank wrapped with their company details.

Taylex will supply the display banners with your contact details free of charge and display tanks when it is reasonable/cost effective to do so. Freight will be the only cost incurred however, if you get 2 Billboards, we will cover the freight cost for one.

Website Development

We work closely with our internal web developer to put together a strong, simple and cost – efficient website template for our Specialists to use.
